Twinkle, Twinkle, Holy Star Written by Victoria F. Kee ©

How we wonder what you are,  
Following the Babe by night and day,  
Leading the wisemen on their way...  
To pay respect to the Savior Born  
When from the heavens sounded horn,  
Angels knelt in deep respect,  
To the ONE WHO brings salvation spent...

On cross HE will bear in years to come  
Because Lucifer had us chained,  
to his hellish dung,  
But this BABY born will save our day...  
If only we sinners will kneel and pray...

LORD I am truly sorry for all I have done wrong,  
I come before you and truly long... to follow  
YOU for the rest of my days  
Please forgive all of my sins and allow me to graze  
with YOU in YOUR WORD from here on in...  
Let me serve YOU well... forget all of my sins.

And now, I await the day when YOU WILL sound the horns...  
When on a cloud which YOU WILL adorn...  
YOUR BRIDE, YOUR CHURCH! YOU WILL meet up in the sky...  
From the twinkling of a STAR... to the twinkling of  
YOUR EYE!

Twinkle, Twinkle, Holy Star,  
How we wonder where YOU are...  
As we follow YOU by night and day,  
Leading us along, leading us to pray  
that the lost and forsaken among us will find their way... to

THE STAR..... ESUS!

HOLY STAR..... ESUS!

HE IS RISEN!

HE IS RISEN... on HIGH!

Come to us we cry!  
We await you day and night!
